

My family & I listen to K-LOVE, broadcast on 107.5, 88.9 & 88.1 in Sioux City Iowa. This family-friendly station provides this community a wholesome listening alternative to the other local stations that we frankly do not allow our children to listen to at all. The loss of the KLOVE station in our community would be devistating to our family and to many, many other families in our community. Please do not alow this to happen. Thank you.
